I saved it to OneDrive – doesn't that give access to all who are signed in? I thought that was the point of that app. I love technology 😊

Hi Chris,

I think you have to attach the copy you revised to the email and then it will either prompt you with an option to share it from the cloud or you then ask it to by left clicking to get the option. If that doesn't seem to work, just go ahead and send us the document as a regular attachment.

Thanks!
Cassie

Hi Cassie,

I made a couple of minor grammatical suggestions, but nothing of consequence. Looks good and ready to go to me! Am hoping it saved appropriately to OneDrive.

Thanks,

Chris

Hello,

The draft of the DER for 51094403 is ready for review. I'm sending it as link from OneDrive since you will both be reviewing and can therefore perhaps do so concurrently, but let me know if it's giving you a hard time and we can work out who reviews in tandem or something.

Thanks!
Cassie
